

MSE Rated #33 by Inc. Magazine

Chatsworth, Calif., October 2001—Micro Solutions Enterprises (MSE), a leading manufacturer of compatible toner cartridges, was recently ranked #33 in The Inc 500, Inc. magazine's list of America's fastest growing private companies.

"We thank Inc. magazine for recognizing and honoring us with such a prestigious accolade," CEO Avi Wazana said. "This accomplishment reflects not only the quality of our cartridges, but our company's work ethic, commitment and dedication to providing our customers with the best products and services possible."

As compared to the averages of all other companies that composed of the Inc 500, MSE exceeded the average in three categories: Average five-year growth, Median 2000 Sales and Average number of employees.

"In such a fast-paced industry as we're in, it's amazing to see how far we've come and that the majority of our employees are committed for the long haul," President Yoel Wazana said. "That is a major factor in building a successful company. Our R&D, QC, production, sales and customer care teams work under a lot of pressure, yet consistently perform at a high level and enjoy what they do. All the departments here at MSE exist in a symbiotic relationship."

About MSE

Micro Solutions Enterprises (MSE) is a national and global leader in toner cartridge services and customer satisfaction. With production capacity of over 75,000 toner cartridge units per month in global distribution, MSE offers full solutions for outsourcing, private label and drop-shipping needs. Recently, MSE increased its combined manufacturing and distribution facilities to a total of 90,000 square feet. With East and West coast distribution centers (California, Florida and Pennsylvania), MSE delivers in three days or less for UPS ground rates.

The company also offers a full line of branded products including toners, inkjets, ribbons and photo paper. For more information and a catalog, please email info@mse-usa.com, or call us at 800-673-4968 (USA), 818-407-7500 (International). We are also on the web at <http://www.mse-usa.com>.
