

Micro Solutions Enterprises Ranked No. 15 on the 2006 Deloitte Technology Fast 50

VAN NUYS, CA – Micro Solutions Enterprises (MSE) is proud to announce that they have ranked #15 in the Deloitte Technology Fast 50 Program for Los Angeles. This represents the 3rd consecutive year that MSE has been recognized among this select group, in previous years ranking numbers 17 and 23. The annual award ranks, by revenue growth, technology companies located in Los Angeles, Riverside, San Bernardino, Santa Barbara, and Ventura Counties. The program highlights both established and emerging technology companies in North America.

“To rank on the Deloitte Technology Fast 50, companies must have phenomenal revenue growth over five years,” said Tim Lovoy, partner, Technology, Media & Telecommunications, Deloitte & Touche LLP. “MSE has proven to be one of the fast-growth success stories in Los Angeles, and we applaud their success and vision.”

“To make the list once or twice is an incredible accomplishment. To make it three years in a row is an acknowledgement of our employees commitment, the value we offer to partners, and the quality recognized by consumers,” said Avi Wazana, CEO. “We would like to thank the Deloitte Technology Fast 50 for recognizing us and we congratulate all the other nominees on their tremendous success.”

Fast 50 Selection and Qualifications

The awards ceremony recognized the 50 fastest growing technology companies based on percentage revenue growth

over a five-year period from 2001-2005. This year’s nominees reflect the diversity and talent of those in the technology industry.

One of the requirements for the nominated companies is that they must devote “a significant proportion of revenues to research and development of technology”. Each year, MSE invests more in research and development than the previous year.

About MSE

MSE manufactures and distributes a full line of compatible toner cartridges, MICR toner cartridges, inkjets and thermal transfer ribbons. MSE’s manufacturing capacity now exceeds 300,000 toners and 500,000 inkjet cartridges per month. MSE owns and operates more than 253,000

square feet of space at its facilities in California and Pennsylvania as well as additional distribution facilities in Mexico, Canada and Holland.

The company offers full solutions for outsourcing, private labeling, private packaging and blind drop shipping. MSE also offers a suite of high-end marketing tools and extensive product and sales training.
