

Multiple Awards Again for MSE

VAN NUYS, CA – Micro Solutions Enterprises (MSE) scooped up three more awards for fastest growing company this fall.

In October, MSE received #15 on the Deloitte Technology Fast 50. This represents the 3rd consecutive year that MSE has been recognized among this select group, in previous years ranking numbers 17 and 23. The annual award ranks, by revenue growth, both established and emerging technology companies located in Southern California.

In November, MSE received two more honors. Both the Los Angeles Business Journal and the San Fernando Valley Business Journal ranked MSE as number 60 and 31 respectively on their lists of Fastest Growing Private Companies. MSE has been ranked on each of these two important lists for 5 years running. According to the Los Angeles Business Journal, their award

celebrates those organizations that are achieving the greatest rates of success.

MSE manufactures and distributes a full line of compatible toner cartridges, MICR toner cartridges, inkjets and thermal transfer ribbons. MSE's manufacturing capacity now exceeds 300,000 toners and 500,000 inkjet cartridges per month.

MSE owns and operates more than 253,000 square feet of space at its facilities in California and Pennsylvania as well as additional distribution facilities in Mexico, Canada, Holland and Brazil.
