

Micro Solutions Enterprises Makes List of 50 Fastest Growing Private Companies

VAN NUYS, CA – Micro Solutions Enterprises (MSE) has received a nomination for the 2005 list of the “50 Fastest Growing Private Companies” by the San Fernando Valley Business Journal. The rankings will be provided at the awards banquet on October 19th.

The rankings will be based on a percentage of revenue growth between 2003 and 2004. A special report will be published on October 19 with profiles of the top 10 companies and additional feature articles highlighting trends and issues of interest to fast growing private companies.

“We are honored to be recognized,” said Avi Wazana, CEO. “The Valley’ is home to our worldwide headquarters and where many of our employees reside. We are pleased to be acknowledged as a company that makes a difference in the greater San Fernando Valley business community.”

Last month, MSE was also recognized by the Deloitte Technology Fast 50 Program, ranking No. 23 ranking on the 2005 Los Angeles list. The Deloitte list featured LA’s fastest growing companies based on revenue growth. One of the requirements for the nominated companies was that they must devote “a significant proportion of revenues to research and development of technology”. Each year, MSE invests more in research and development than the previous year. This year’s nominees reflect the diversity and talent of those in the technology industry.

About MSE

Micro Solutions Enterprises (MSE) is a global manufacturer and distributor of high-quality compatible toner cartridges, inkjets, and thermal transfer ribbons. MSE focuses on expansion through existing resellers and their outsourcing programs. MSE continues to invest in the research and development of new products and technologies to ensure customers have every competitive advantage to succeed.
